Professional Summary

Computer Science graduate with strong academic performance (GPA: 4.38/5.00, Honors) and hands-on experience in software development and educational technology. Developed an award-recognized mobile learning application integrating AI-driven code evaluation and gamification to enhance student engagement. Demonstrates strong ability to explain technical concepts, support learners, and design structured educational content. Seeking a Teaching Assistant position to contribute to student learning and academic excellence.

Education

Computer science - Bachelor's degree, Taibah University 08/2020 – 05/2025

- Graduated with Honors, GPA (4.38 / 5.00)
- Senior Project: CodeSpace an interactive mobile app that teaches coding with real-time evaluation and game-based learning.

Experience

Code Space - Mobile App to Teach Coding, Academic Projects 09/2024 – 04/2025

- Designed and developed a mobile application to teach programming concepts through interactive, game-based learning.
- Implemented AI/NLP-based evaluation system to assess student coding responses in real-time.
- Structured learning content into progressive levels, improving knowledge retention and independent learning.
- Translated complex programming concepts into clear, student-friendly instructions, enhancing accessibility for beginners.
- Demonstrated strong skills in curriculum structuring, instructional design, and learner engagement.
- Selected among Top 12 projects and presented at a Conference attended by MIT representatives

Intern, Prince Sultan Armed Forces Hospital 06/2024 – 10/2024

- Supported IT operations including technical troubleshooting and system maintenance.
- Collaborated within a professional team environment, improving communication and problem-solving efficiency.
- Assisted in maintaining reliable system performance in a high-demand environment.

Skills

• Java	• Microsoft Office	• Web Development	• UI/UX Design
• Problem-Solving	• Teamwork	• Communication	• creative thinking

Courses

Teaching and learning tricky topics, The Open University	04/2026
Teaching assistants: support in action, The Open University	03/2026
UX/UI Attendance Certificate, NMKKN	03/2025
Web Design & No-Code Development Webinar, NMKKN	01/2025
AI with Robots Workshop, MidOcean University	03/2024
Cyber Solutions & Innovations, Google Developers Community	02/2024
IoT Bootcamp, King Khalid University	01/2024
